

News Letter July 2015

Dear Fellow Republican,

The Jefferson County Republican Executive Committee (JCREC) has determined that a monthly newsletter would be beneficial to local Republicans. As Chairman, I get the honor of writing the first. We will continue each month with a letter from each of the 10 elected members of the committee. We hope to not only inform you of political activity that should be of interest to you, but also let you get to know the members of the committee that represent you in the GOP, both state and local. If you are not familiar with the JCREC and its function, let me direct you to our website: jcwvgop.org. Here you will find information of our organization, its committee members, elected officials, and candidate/election bios, websites, and dates. I'd also like to encourage you to LIKE our FaceBook page, you can access it through the website.

After 80+ years of one party rule in the Legislature, Charleston has seen a rebirth under the Capitol Dome. YOU made that happen! We wish to continue to strengthen our position in the state by making our party a political force in Jefferson County. If you have any ambition of being part of the American process, now is a good time to start being involved. There are a slew of county office positions that need good citizens to do the people's work. County office is a great way to start being involved in the political process. Or, you may wish to help a fellow Republican get elected, we need volunteers. You may also consider being involved in JCREC, we could use your assistance. Whether a long time county resident, a commuter, a stay-at-home parent, or any other category, you can make a difference in the future of Jefferson County, West Virginia and the USA. Just contact us!

2016 is coming fast, and we want to be ready with good candidates that you will want to support. So, get involved, be informed, and vote. Make A Difference!

May God Bless You and the USA,

Mike Ashley
Chairman, JCREC
Charles Town Representative
