We need Poll Workers! If you are a registered voter and live in Jefferson County, you can be a poll worker. It's a paid position! Call us if you are interested.

Volunteers

They say everything starts local. We all get caught up in National but you have fighters right here who are standing up and standing on the Constitution to bring it back into the fabric of our towns, cities & states. Hence, we then can have a further impact at the national level. So come out and volunteer for them in whatever capacity you can. Today you don't even have to leave your home for doing certain campaign methods.
